

BATTLE IS RAGING ON MINE INCLINE

Mexican Murderer, Resisting Arrest, Kills Two Men and Wounds Another.

(Special to The Times-Dispatch.)

Bingham, Utah, November 29.—A Mexican, who is accused of having killed two men and wounded another on an incline connecting the Minnie and Utah Apex mines between deputy sheriffs and Raphael Lopez, the Mexican who killed a countryman a week ago in the Highland Bay Mine, and later murdered three deputy sheriffs who tried to capture him, J. Douglas Hulsey, a deputy sheriff, and Tom Mansfield, an Austrian, members of the militia, who entered the mine shafts to search for the man who started the Avoy Tunnel this afternoon in an effort to capture Lopez are dead or seriously wounded as a result of the battle, and Bert Jones, engineer of the hoist along the incline is missing.

The Mexican, hemmed in by dense smoke in the mine, was drinking from a canteen when the militia came in front.

A rescue party with steel plates, preparing to recover the bodies of Hulsey and Mansfield, after which another attempt will be made to smoke Lopez out of the passage. It was while preparing a smudge to effectively block the passageway that the two men were shot. Lopez is well supplied with ammunition.

There is much excitement to-night in Bingham. A race war is threatened between the Mexicans and Austrians in camp as a result of the shooting of Mansfield. Sheriff Smith has ordered all Austrians to keep inside their cabins. Three automobiles filled with deputy sheriffs were rushed here to-night from Salt Lake in anticipation of trouble.

The posse, headed by Sheriff Algers of Tooele County, entered the Andy Tunnel this afternoon on the 400-foot level of the Utah Apex mine. At that time smoke was belching from a smudge previously built at the mouth of the Minnie mine. It was believed that by constructing smudges at the foot of an incline connecting the Minnie and the Andy tunnel that the Mexican would be easily located.

The posse had reached the incline and proceeded upwards but a short distance when three shots were fired. Hulsey, Dr. Ray, and Mansfield were somewhat apart from the others, and were preparing to light a fire to start the smudges. Hulsey and the Austrian fell at the first two shots, the third whizzing past Dr. Ray.

The killing of Hulsey and Mansfield has effectively prevented the building of smudges because it is feared that if the two men are not dead the flames from the smudges would surely be fatal.

Imitations Are Forced

upon you without regard for your health. Don't be deceived—Duffy's is the only whiskey generally recommended for its medicinal qualities. You know about, have read of, and have had to its credit the restoration to perfect health of thousands.

Refuse Substitutes

and call for the genuine. Be sure of our trade-mark, the "Old Chieftain" and see that the seal over the cork is unbroken. Sold by most druggists, grocers and dealers. \$1.00 a large bottle. We advise and medical booklet free, if you write.

Thousands of people in all conditions of life testify to the value of Hood's Sarsaparilla for the blood, and also to give strength, create an appetite, tone the stomach, lift up the health tone generally.

If your blood is bad, get a bottle today. Sold everywhere.

TRAINS COLLIDE AND CREW OF FOUR IS SENT TO DEATH

(Continued From First Page)

In the machinery and he soon met death under the wheels of the engine.

Baby Cut to Pieces.

Raleigh, N.C., November 29.—The eighteen-months-old child of D. N. Anson, while playing on the track of the railroad near the residence of his parents at Lenoir, was instantly killed by a passenger train, whose engineer saw the little one too late to stop. The body was fearfully mangled and the spectators who were sorrowful to the engineer who burst into tears as he looked upon the fragments of the

body. The posse, headed by Sheriff Algers, of Tooele County, entered the Andy Tunnel this afternoon on the 400-foot level of the Utah Apex mine. At that time smoke was belching from a smudge previously built at the mouth of the Minnie mine. It was believed that by constructing smudges at the foot of an incline connecting the Minnie and the Andy tunnel that the Mexican would be easily located.

The posse had reached the incline and proceeded upwards but a short distance when three shots were fired. Hulsey, Dr. Ray, and Mansfield were somewhat apart from the others, and were preparing to light a fire to start the smudges. Hulsey and the Austrian fell at the first two shots, the third whizzing past Dr. Ray.

The killing of Hulsey and Mansfield has effectively prevented the building of smudges because it is feared that if the two men are not dead the flames from the smudges would surely be fatal.

UNIQUE MEMORIAL SERVICE PLANNED

(Continued From First Page)

Algebraic, Va., November 29.—In commemoration of the silent service held in Christ Episcopal Church 10 years ago, which celebrated the final departure of the three states, a duplicate service will be held in the same building Sunday afternoon, December 12, at 2 p.m., to mark the twentieth anniversary of the Alexandrian committee of the Colonial Dames of America in Virginia.

Mrs. William Ruffin Cox, of Richmond, the Colonial Dames of America, will be present to speak on the history of the movement and more inclined to the practice of exaggerated devotion. Inexplicable has been the interest of the leaves her side the health of the little Chieftain will immediately suffer.

Throughout are uneducated, vulgar persons, but are allowed to run the nation's affairs. The women of the National Patriotic Order of Sons of Veterans, mistress of robes to Her Majesty, fell afoul of Buntington who, after the imperial drawing-room dinner, dinner, addressed himself to Gladstone Northcott in the quietest way. He told her that he would see to it that she was carried out in police style.

The extraordinary scene was witnessed by the Empress with the utmost indifference by the mistress of the house.

People are wondering whether she won't resign her position but the Empress has begged her not to do so, so far as she can tell. Keep Buntington within bounds, are we? What things stand now the monk is master in the Imperial household, where nothing can be done without his sanction.

ENORMOUS RECORD IN CASE ON APPEAL

Petition Filed by President and Other Convicted Officials of National Cash Register Co.

Cincinnati, Ohio, November 29.—President John H. Patterson and other officials of the National Cash Register Company of Dayton, Ohio, who were indicted last year, violating the criminal section of the Sherman law, filed an appeal in the United States District Court of Appeals here yesterday. The court will hear the case on a condensed resume of the case it contained more than 1000 words and was written on one sheet of paper. The trial of the case presented to the court an unusual situation in that during the trial of the case 100 witnesses were made and the argument of counsel had to be read and every one of these.

In addition to the enormous record, however, the exhibits introduced during the trial were also presented to the court to-day.

After being found guilty in Judge Howard Hollander's court, he sentenced to one year in jail and fined \$100. As the time of trial was pronounced against him, he said he was innocent and that he desired no parole, insisting he be given time to collect his thoughts and referred to obtain vindication in the courts.

Lesser sentences were passed on the major officials of the company, including the president, but all were tried together the appeal was made in behalf of all of them, and the same errors were made in each individual case.

During the trial Judge Hollander ruled out and refused to admit as evidence all national cash register company and this was the principal objection made in the application to-day.

In addition to the enormous record, however, the exhibits introduced during the trial were also presented to the court to-day.

On January 1, 1914, you will be agreeably surprised at the result.

Bids Daughter Bon Voyage, Witnesses Football Game and Attends Theatre.

New York, November 29.—President Wilson accompanied today the two purposes that brought him to New York—he bade his voyage to the White House beside and bridge room his daughter and Francis Bowes Sayre, who sailed for Europe on their honeymoon, and his commandant-in-chief of the armed land and water forces of the country he attended the Army-Navy football game at the Polo Grounds, where he was an interested spectator.

To-night the President went to the theatre. He took a late train back to Washington.

The President, accompanied by Miss Eleanor Wilson and Dr. George T. Grayson, waited on the deck of the steamer ship "White Star" in Hoboken for the formalities of the American flag to appear. He did not notice them board the vessel for the brief couple of hours that the steamer cabin occupied the marine route and was surprised to find them there.

When the ship had sailed the President, accompanied by Miss Eleanor Wilson, Secretary McAdoo and Secretary Daniels, of whom both the President and the general were the members of the delegation, had a general talk.

After the game crowd had attended the box the President occupied, had he acknowledged their cheering by lifting

his hat.

President Wilson was cheered as he entered the theatre to-night with Miss Eleanor Wilson, Secretary McAdoo and Secretary Daniels. They were indeed very interested in the performances, and lauded in evident enjoyment of the humor in the play.

As he came out he was cheered in proportion. He went directly from the theatre to the Pennsylvania terminal, entered the train shortly after 11 o'clock, more than an hour before the departure of the train for Washington.
